Update: Evelyn was able to recruit Bill Watanabe to join! Thanks Ev. So I'm coordinating carpool with him. Kristin - I can update you separately in case it makes sense to carpool.

Hi all,

I can attend. I can reference my notes - but happy to get help with a full list of LT stakeholders who are for B3.

I have a conflict w/ a medical appointment Thurs. morning. But if we can send some one to go to say the above about excluding LT stakeholders, repeat the array of groups standing behind our view would be good. Anyone else able to go? (Van Nuys?! Sheesh.)

(I added Rey Fukuda Salinas since he's also been involved with this issue.)

Hi all,

Apologies for the urgency, but we've just been informed that **City Planning Commission has agendized hearing Parker Center via the Civic Center Master Plan**. Because this is not a community plan, but instead a public facilities plan, it doesn't need to go through CPC. But someone must have gotten to them, because they are insisting on hearing it anyway and have expressed disagreement with the EIR.

Unfortunately, the meeting is this Thursday 1/26 8:30AM at Van Nuys City Hall - we suspect purposely planned this way. If there are any reps from the Little Tokyo community who are willing to make the schlep out to the Valley, your voice may be in great need of representation at this commission meeting.

Happy to answer any questions. Please use my personal email or reach me at [609-731-7834](tel:609-731-7834).

Thank you,

Ari
